Cruise-Ins: See page 5 of the newsletter for a list

# Music City Mustang Club

The Tupelo Auto Museum has a display during the month of March called "Horses in the House" which focuses on our beloved Ford Mustang. John Farmer will be working with the museum to help promote this event by locating cars that can be part of the display. In order to participate in the display the cars will need to be in the museum from March 6th through the 27th. All the information about the display requirements and a list of cars we are looking for can be found at <http://www.tupelocruise.com/Displays.asp>

## *"Keep It Between the Mustard and the Mayonnaise"*

by: jim chism

I looked out the window this week to see the daffodils beginning to open and it dawned on me that Winter may soon be coming to an end. Then when I got to set my clocks ahead, it really started to sink in. I got a call wanting me to go to the Pensacola Show coming up next week, and I really began to get excited.

Hey guys, SPRING IS REALLY HERE, I hope. Anyway, I hope everyone has survived the Winter and are ready for many of the upcoming activities. Julie has planned many things to keep us busy, as a club, this year and I really hope that each and every one of you will become active participants. The hard work that goes into planning activities is huge.

We will have guests from the Tennessee Baptist Children's Home again this month. They will be giving us all of the details on the Kars4Kids car show that they have coming up in April. Let's show our support and attend their show in mass this year.

Not much else to report, except that the California Special is back in the garage all stripped down and ready to go to the paint shop for it's second restoration. Wish us luck!

Jim Chism

Located at the Chick Fil A on Mt. Juliet Road and I-40  
in Providence Place

## 2011 Mustang Drawing Thousands of Early Orders and the V6 is Leading the Way

Mustang fans have been caught up in the excitement of the coming model year, with almost 11,000 orders registered in the first month of availability in the U.S. On top of that, economy-conscious drivers are picking the all-new V-6 for a little less wallet boot from that pony scoot.

Ford says the numbers represent three times the early bird orders on the 2010 Mustang, and jump in buyers for the 3.7-liter V-6, up 19 per cent from 2010, is a reflection of changing priorities in today's driver.

A couple of packages helped push the orders. The Mustang Club of America (MCA) Special Edition package available on V-6 models generated three times more orders than expected, as did the California Special series – which is available on the Mustang GT and harkens back to the original 1968 feature vehicle.

Steve Ling, North America car marketing manager says “The new engine transforms Mustang, everything people love about the car lives on, and now under the hood is a V-6 engine that uses premium technology to deliver the power, the feel, the fuel efficiency, even the sound of the best sports cars in the world.”

Tennessee Baptist Children's Homes (TBCH) is a ministry to children and youth who must live apart from their biological families, as well as children and youth who are still able to reside in their own homes with their parents and siblings. TBCH provides a Christian home and lifestyle to those who must live outside their own homes. The family preservation component allows TBCH to minister to the entire family while allowing the child to remain in their home.
